## WQJ stainless steel cut sewage pump

Flow: 6 ~ 2650m<sup>3</sup>/h

Head: 5 ~ 36m

Power: 0.55 ~ 315kW

---

### Details

As a long-established water pump manufacturer, Shanghai Liansheng Pump Manufacturing Co., Ltd. products cover life (stainless steel silent water pump; single-stage single-suction centrifugal pump; permanent magnet motor pump; water-cooled motor pump; non-negative pressure water supply equipment; secondary water supply equipment; constant pressure variable frequency water pump), fire protection (vertical single-stage single-suction fire pump; horizontal multi-stage fire pump), sewage field (integrated prefabricated pump station; submersible sewage pump; automatic stirring and cutting sewage pump; interception well) , Air-conditioning pump (single-stage single-suction circulating pump) provides integrated water supply and drainage treatment solutions; set up clean water pump agents, sewage pump agents and fire pump agents in many parts of the country.

#### Conditions of Use

JYWQ series is suitable for conveying sewage and dirt with particles whose temperature does not exceed 60°C. It can also be used for clean water and corrosive medium.

#### Performance parameter range

There are 5 varieties and 441 specifications in this series. The performance parameter range is: flow rate  $Q=6 \sim 2650\text{m}^3/\text{h}$

Head  $H=5 \sim 36\text{m}$  Speed  $n=980, 1450, 2900\text{r/min}$  Power  $P=0.55 \sim 315\text{kW}$

Suction port diameter  $D_{na}=25 \sim 500\text{mm}$  Discharge port diameter  $D_{nm}=25 \sim 500\text{mm}$

5.5kw Submersible Sewage Pump Centrifugal Theory Water Pump Submersible Sewage Pump Three Phase

| Motor:                   | 100% Copper Wire     |
| Voltage:                 | 220V/380V            |
| Product name:            | Underground pump gpm |
| Type:                    | Sewage discharge     |
| Name:                    | DC PUMP              |
| Feature:                 | High Efficiency      |

## Product details

### Production Description:

Product Introduction: With a special single impeller or double impellers, WQ series sewage pump greatly improves ability of passing dirt. The fiber material, 5 times bigger than pump caliber can be passed. Diameter of solid particles, which is equal to 50% of pump caliber also can be passed.

### Product Application

- > The sewage of the factory sewage
- > The sewage treatment system of the sewage treatment plant
- > The sewage treatment system of the urban sewage treatment plant
- > The sewage discharge of the hospital and the hotel

### Specification

|                       |                                         |
|-----------------------|-----------------------------------------|
| Product Name:         | WQ Non-clogging Submersible Sewage Pump |
| Material:             | Cast iron                               |
| Seal Material:        | Graphite/silicon carbide                |
| Max. Flow:            | 2400m <sup>3</sup> /h/ 10567GPM         |
| Max. Head:            | 40m                                     |
| Max. Pressure:        | 4bar/58psi                              |
| Max. Working          | 60°C/140F                               |
| Max. rev:             | 2950rpm                                 |
| Motor Power:          | 0.55kw~315kw                            |
| Voltage:              | 220v,380v                               |
| Motor:                | AFT,50hz/60hz                           |
| Available Connection: | Flange(EN1092-2,ISO7005-2)              |
| Operated:             | Electric                                |
| Application Scope:    | Sewage treatment system                 |
| Packaging Details:    | Wooden box                              |
| Delivery details:     | 7-20 days after receiving payment       |
